\* Final cover design will vary slightly from image

Your experience deserves a high quality, custom-designed Memento Book.

Own this chronicle of Currahee's time in Afghanistan.

Each battalion's chapter includes maps, action photos, and tour narrative.

Both book versions have the same contents, and same beautiful, dramatic large size.

Families of the Fallen: Memento intends to donate one premium hardcover to each family who lost a service member during this tour. We are in your debt.
